

## AULTBEA & GAIRLOCH MEDICAL PRACTICE SALARIED GP OPPORTUNITY

Retirement has created an opportunity for an enthusiastic General Practitioner to join our team. Working in our very remote and rural practice offers different challenges but is generally less pressured and more rewarding than would be the day to day experience of most GPs. In the interest of attracting the best candidate(s) the post on offer can be flexed to suit. We are seeking a salaried GP to join our team for an initial fixed term contract of 1 year to start after August 2018.

We cover a large area of Wester Ross which lies on the famous [www.northcoast500.com](http://www.northcoast500.com) route containing remote, mainly coastal, rural settlements. Join us if you desire the opportunity to practise truly holistic, family centred, remote and rural medicine in a relaxed environment in one of the most beautiful parts of the country.
