

AULTBEA & GAIRLOCH MEDICAL PRACTICE FLEXIBLE GP OPPORTUNITY

Retirement has created an opportunity for an enthusiastic General Practitioner to join our relaxed and friendly team. Working in our very remote and rural practice offers different challenges but is generally less pressured and more rewarding than would be the day to day experience of most GPs. In the interest of attracting the best candidate(s) the post on offer can be flexed to suit. We will consider partner or salaried; full-time or part-time depending on what works best for you and for the practice. If you are interested, give us a call and we can have a chat about different options.

We cover a large area of Wester Ross which lies on the famous www.northcoast500.com route containing remote, mainly coastal, rural settlements. We offer the opportunity to practise truly holistic, family centred, remote and rural medicine in a relaxed environment in one of the most beautiful parts of the country.

- Currently 3 GP partners, 2 Advanced Nurse Practitioners, 2 Practice Nurses
- GMS contract
- List size 2,200
- Vision clinical system + Docman for mail handling
- Work from 2 health board owned surgery sites; one in Gairloch and one in Aultbea
- Many leisure opportunities (walking, climbing, cycling, sailing, golf) and good local schools
- No QOF in Scotland!
- GP training practice & University of Aberdeen medical student placement training
- Out-of-hours: weekday nights (Mon – Thurs) currently covered by the practice via shared rota (not busy). Weekends optional
