2021 COVID VACCINATION CLINIC #10

The Practice is organising clinics for delivery of the COVID vaccination. We will contact eligible patients to make an appointment in advance. We have received a supply of **Astra Zeneca (Oxford) vaccine for the following patient cohorts:**

- 2nd doses for those patients who received their first dose of the AZ vaccine before Friday 26 March 2021

This cohort of 2nd doses is large enough by itself to fill our clinic capacity. This clinic will be dedicated to the delivery of 2nd dose of AZ vaccine. Anyone who is waiting to receive their 1st dose of the Covid vaccine will need to wait until our next clinic which is planned for Tuesday 8 June.

Patients will sit in socially distanced groups. Our vaccination team will then come to you in turn to check your details then administer the vaccine by injection to the upper arm. All patients will then be required to wait in their seat for 15 minutes after receiving the vaccine before leaving the building to return to their car.
