

AULTBEA & GAIRLOCH MEDICAL PRACTICE

PRACTICE NURSE OPPORTUNITY

We have an opportunity for an enthusiastic Practice Nurse to join our relaxed and friendly team. Although our Practice is classified as Very Remote and Rural, we are only 90 minutes drive from Inverness, the Capital of the Highlands, with its shopping, facilities and airport. We are looking to expand our PN team as with no local hospital or access to a Community Treatment Centre we are finding our PN workload continues to increase. We wish to increase the sustainability of our team by improving absence cover plus starting succession planning.

In the interest of attracting the best candidate the post on offer can be flexed to suit your personal circumstances. The job here can work for an experienced PN looking for a change of environment but would equally be a good fit for a qualified nurse with an interest in developing their general practice skill set. If you are interested why not give us a call and we can have a chat about different options.

We cover a large area of Wester Ross which lies on the famous www.northcoast500.com route containing remote, mainly coastal, rural settlements.

- Currently 4 GP partners, 2 Advanced Nurse Practitioners, 1 Practice Nurse
- GMS contract, list size 2,350
- Vision clinical system + Docman for mail handling
- Routine appointments @ 10 minutes
- Work from 2 health board owned surgery sites; one in Gairloch and one in Aultbea
- Our PN workload includes phlebotomy, chronic disease management, women's health, ECG, vaccinations and immunisations, minor surgery (alongside a GP), minor injuries, dressings, travel advice and spirometry (when permitted). We can offer support for any training needs
